DYSPEPSIA.

DR. HUTCHINGS'

VEGETABLE DYSPEPSIA BITTERS.

THE MOST POPULAR FAMILY MEDICINE OF THE AGE!

Used by Physicians of High standing.

These BITTERS remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, fortify the system against all future disease, can be taken with safety, at no time debilitating the patient—being grateful to the most delicate stomach and remarkable for their cheering invigorating, strengthening, and restorative properties, and an invaluable and sure remedy for the

DYSPEPSIA IN ITS WORST FORM.

Also, liver complaints, jaundice, heartburn, costiveness, faintness, disorders of the skin, liver and kidneys, loss of appetite, low spirits, nervous headache, giddiness, palpitation of the heart, sinking and fullness of weight at the stomach, and all other diseases caused by an impure state of the blood, liver, &c., which tend to debilitate and weaken the system.

Females who suffer from a morbid and unnatural condition, will find this medicine of ...

INESTIMABLE VALUE

In all cases of General Debility this Medicine

ACTS LIKE A CHARM.

The following certificate is from an old gentleman who readily acknowledges the Bitters the only thing that keeps him alive.

Dear Sir:—I hereby offer you a willing testimony to your valuable Bitters; I hardly know where to find words to thank you for the good it has done me. I would not be without it on any account, and honestly believe that it is the only thing that keeps me alive.

I have recommended it to many of my friends; they all speak of it in the highest terms, which it richly deserves.

You are at liberty to refer any one to me as regards your valuable compound.

WALTER SIMONSON,
63 Fourth street, Williamsburg.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia

T. HARDENBERCH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well

The undersigned has every confidence in the efficiency of Hutching's Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters; and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations,

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50

HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS.—THE PROOF! THE PROOF!!—An ounce of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around this incomparable preparation, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial and renovating influence. Dyspepsia, heartburn, loss of appetite, uneasiness in the epigastric region, fluttering of the heart, dimness of sight, swimming in the head, hypochondria, flatulency, nausea, nervous tremors, relaxation and debility, &c., are relieved by the Bitters in a very short space of time; and a perseverence in their use never fails to work a thorough cure.

LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saterday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

[illegible] ature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern atitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to hold defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood, Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

VANILLA CHOCOLATES, COCOA,

BROMA, COCOA PASTE, STICKS, &c.

TO Merchants and Consumers who would purchase the best products of Cocoa—free from adulteration—more nutritious and healthful than tea or coffee—and in quality unsurpassed—the subscriber recommends the above articles, manufactured by himself, and stamped with his name and residence. His Broma and Cocoa Paste as delicate—palatable—and salutary drinks for invalids, convalescents, children, travellers, and others, are pronounced by the most eminent physicians superior to any other preparations. His French and Vanilla Chocolate are warranted equal in delicacy and flavor to the best of Paris manufacture, and at one half their prices. WILDER'S

PATENT SALAMANDER SAFES,

NO. 25 MERCHANTS' ROW, BOSTON,

CORNER OF CHATHAM STREET.

The following letter from the proprietor of the Chelsea Laundry, is a proof of the superior qualities of this Safe:

[illegible] CHELSEA, May 15, 1849.

[illegible] to your note, I have the pleasure Sir. In reply books and papers contained in the Safe I bought of you, were perfectly legible and uninjured by fire at the burning of the Chelsea Laundry, on the night of the 10th instant. There were papers and bank notes in the drawers of the Safe, which had an appearance of having passed through fire. The Safe was exposed to an intense heat for several hours.

Respectfully yours.

STEPHEN SIBLEY.

The following letter from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safe over all others:

BANGOR, Oct. 21, 1849.

Mr. E. Wilder, Esq.:—Dear Sir: The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph office in this city. It was in the fire six hours; the books and papers were uninjured, and the damage to the Safe very trifling, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Respectfully yours.

JAMES EDDY.

In addition to the above certificates in favor of these Safes, I received a Diploma and Silver Medal for the best Safe held in Boston.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, in an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Tea business has flourished beyond expectation. They are unable to their customers with both Teas and Coffees at prices less than other dealers could buy, which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

The Turkish Envoy's Farewell Address.—Amin Bey, the Commissioner of the Turkish Sultan, took a final leave of the President of the United States on Saturday last, with a view of returning to Constantinople.—On this occasion, the several members of the Cabinet were present, and Amin Bey, being presented to the President by the Secretary of State, read to him an address, in which he expressed his acknowledgements of his Government and himself for the many strong evidences of friendship which he had received since he had been in this country.—He alluded to his recent tour throughout the Union, and to the gratification with which he had observed the political, social, and civil institutions of the country, the resources of the nation, the extent of their commerce and agriculture, and the wonderful progress which in so brief a space of time the people of the United States have made in various branches of public industry. The President responded briefly to the address. He regarded the mission of the Envoy as one worthy of note, and was happy to learn that its results had been so satisfactory. The country, he said, would be flattered by the opinion the Envoy had expressed of its agriculture, the commerce and manufactures of the State. He requested Amin Bey to bear the respects of our Government to the Sultan, his intelligent Sovereign, and commended him to the protection of the Almighty.

Ventilation.—The Newark Daily has a long article, ridiculing the propensity of Americans to avoid fresh and wholesome air. It states a case thus:

"It is a damp, warmish day in winter the wind southeast, with no little oxygen in it as not to have sufficient strength to support a column of spirits of wine, much less the animal spirits, at the usual height. At Jersey City, this crowd of dirty people, with huge, hungry lungs take in, on setting out on a journey to Newark a few gallons of this very indifferent atmosphere which is to last them all for nearly half an hour, closely corked up in an air-tight box of cabinet work, just large enough to hold them.

"There are delicate ladies, babies, generals' judges, editors perhaps, and other human flesh and blood, black, white, red and, gray. Presently the slender provisions, not of coals, but of the equally essential stock of unmerchantable air, just spoken of, gives out, and the passengers are scarcely half seas over; what is to be done now? One gasps, another faints outright a third is senseless in a stertorous lethargy.—There is a remedy at hand, philosophers inform us; namely, to open the window. But nobody is aware of it. The prevalent opinion is, that we exist by breathing, but it is generally supposed that the atmosphere is little, or not at all concerned in that ceremony.

"The small minority of the community who suspect it has, are still under the impression, that one bottle of fresh air, like a similar quantity of quack medicine, is as good as many, and quite enough to sustain a man for a long journey. They don't see how appropriating the same breath of air more than a dozen times, hurt it, any more than imbibing pleasures from the charming faces of the ladies around them, can take any thing from their beauty."

Shadrach, the Fugitive, in Canada.—Letters from Montreal state that Shadrach, the fugitive, who escaped from Boston, is in a state of great destitution. He has sent to a friend in Boston, stating that he has not been able to obtain employment. An advertisement in the Montreal papers states that Butler's Real Ethiopian Serenaders were to give a Concert on the 13th inst., for the benefit of Shadrach, Williams, Johnson, Tisbold, and Scott, five fugitive slaves lately escaped to that city and now in a state of destitution. As a part of the performance, Shadrach was to relate the history of his wonderful escape from Boston.

Naval.—U. S. propellor John Hancock, commander J.B. Huddock, from Charlestown Navy Yard, arrived at Portsmouth, N. H. 21th inst., with a crew for U.S. sloop of war Decatur.

This is the steamer, these are the men in buckram, and this is the expedition, which were made use of by the rumors of the Vigilance Committee in Boston, to frighten the poor colored people of New Bedford on Sunday last.

Almost a Dead Head.—A few days since Mr. Stone, a conductor on the Central Railroad, while collecting fare, came to a man sitting muffled up in a cloak, and demanded his fare.

"How much to Jackson?" asked the muffled man.

"Two twenty-five."

"Ah! that's more money than I've got; don't you sometimes carry folks for less when they are poor, or sick or unfortunate?"

"Yes."

"Well, then, you had better take half price for me; you see I've lost the use of both my hands!" holding them up encircled by handcuffs!

Stone looked around, and observed the sheriff sitting behind him, indulging in a quiet smile at his expense.—[Detroit Adv.

☞ Boston business is suffering this season from the prejudices of Southern merchants against the city on account of the opposition of a portion of its population to the execution of the Fugitive Slave Law. A large Southern merchant a few days ago paid a concern in Milk street $2,000 in cash for goods bought of them last fall. On being asked if he wanted more goods he replied, "I took my oath on the Bible before I left home that I would not buy a dollar in Boston."

The Fort Smith, Ark., Herald says there is at present living in that place a lad, nine years of age, who spaks and writes the Hebrew, Latin, French, Spanish and Italian languages with as much ease and fluency as he does the English. He is of humble parentage but possesses indomitable perseverance. The Herald learns that an effort is to be made to procure him further advantages.

Talk After Church.—"Well Laura, give me a short sketch of the sermon. Where was the text.

O, I dont know I have forgotten it.—But, would you believe it, Mrs. V. wore that horrid bonnet of hers? I couldn't keep my eyes off it all the meeting time Miss P. had on a lovely pink one, and Miss T. wore a new shawl that must have cost fifty dollars. I wonder her folks don't see the folly of such extravigance. And there was Mrs. H. with a pellisse. It is astounding what a want of taste some folks exhibit.'

"Well if you have forgotten the sermon, you have not the audience. But what preacher do you prefer, this one or Mr. B?"

"O, Mr. A. He is so handsome and so graceful. What an eye, and what a set of teeth he has?"

☞ Hon. George Bancroft, formerly minister to the Court of St. James, arrived in town yesterday morning.

☞ Since our paper was put to press, we have heard that the five boys who run-away from Block Island last week, was picked up by a schooner and carried to Edgartown.

☞ Why is the life of an editor like the book of Revelations? Because it is full of "types and shadows," and a mighty voice like the sound of many waters, ever saying unto him—"*Write!*" [Country Paper.

The paragraphist might have added that the response of an editor is often similar to that made by the Evangelist—"*What* shall I write?"

Arrangement are making for a weekly mail to California.

Effects of the Storm.—The tide undermined the Dorchester and Milton Branch road, between the Granite Bridge Stanton and the Lower Mill, and swerved the rails and sleepers for three or four rods. The road is damaged for more than half a mile. The tide made a complete breach over the Long (Nahant) Beach at Lynn, and carried away a large part of the breakwater, and doing great damage to the carriage way built two years since. It is estimated that $3000 would not cover the damages.

The ship Robena, from Liverpool for Baltimore, went ashore during the storm, off Cape Henry, where she still lies, in company with a British bark laden with Railroad Iron. The Robena has a large cargo of salt and Iron, and had on board one hundred passengers, five of whom, two ladies and three gentleman, were drowned while attempting to land. Hopes are entertained that the vessel will be got off. She is insured for $50,000, the greater part of which falls on offices in Baltimore.

The statement that the the Suffolk Mill had 660 barrels of flour damaged at Boston was enormous.

THE PHILOSOPHY OF DALLEY'S GENUINE PAIN EXTRACTOR.
(Not Theoretically, but) Practically Illustrated
From Noah's Sunday Times, of Feb. 2, 1851.

NOT A PUFF.—A few days ago the clothes of the little daughter of one of the proprietors of this paper accidentally took fire, and its grandmother, in her endeavors to extinguish the flames, was unfortunate enough to burn one of her hands to a blister. She was suffering great agony, and the only remedy immediately available being Dalley's Pain Extractor, that was freely applied. Incredible as it may seem, the next morning the effect of the burn had entirely disappeared, and the hand was as sound as ever. As this occurred under our own personal notice, we cannot refrain from advising every family to have a supply of it within reach in case of accident. The depot for its sale is at the corner of Broadway and Liepenard street.

MORRILL'S IMPERIAL STOVE POLISH.

The Proprietor of the above article, having, by numerous experiments, tested its qualities, feels confident in recommending it for polishing Stoves, Grates, Funnels and all kinds of ornamental Iron work, as superior to anything ever before offered to the Public. It is not one of those articles which requires puffing constantly, and an exhibition of endless certificates, which are easily obtained, to make it sell. It relies solely on its own merits, asking but one trial to convince the most incredulous of its superior qualities. It is free from any ingredient which will rust the article polished, and no dust is made in the application. No smoke or disagreeable smell will be caused by heating the Stove after polishing. For Russia Iron, nothing can compare with it. Warranted to give satisfaction, if applied according to directions, or the money will be refunded.

AYER'S CHERRY PECTORAL,

For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.

Many *proofs* are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

FROM BENJ. SILLIMAN, M. D., L. L. D.,
Professor of Chemistry, Mineralogy, &c., Yale College, Member of the Lit. Hist. Med. Phil. and Scien. Societies of America and Europe.

"I deem the CHERRY PECTORAL an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the class of diseases it is intended to cure."

NEW HAVEN, Ct., Nov. 1, 1849.

PROFESSOR CLEAVELAND, of Bowdoin College, Maine.

Writes—"I have witnessed the effects of your "CHERRY PECTORAL" in my own family and that of my friends and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throats and lungs."

REV. DR. OSGOOD

Writes—"That he considers "CHERRY PECTORAL" the best medicine for Pulmonary Affections ever given to the public, and states that his daughter after being obliged to keep the room four months with a severe settled cough, accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, commenced the use of the "CHERRY PECTORAL," and had completely recovered."

HEAR THE PATIENT.

Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. By the advice of my attending physician I was induced to use your CHERRY PECTORAL, and continued to do so till I considered myself cured, and ascribe the effect to your preparation.

JAMES RANDALL,
Hampden ss. Springfield, Nov. 27, 1848.

This day appeared the above James Randall, and pronounced the above statement true in every respect. LORENZO NORTON, Justice.

At the office of the Hon. Geo. Ashmun, Member of Congress.

THE REMEDY THAT CURES.

PORTLAND, Me., Jan. 10, 1847.

Dr. Ayer: I have been long afflicted with Asthma which grew yearly worse until last Autumn, it brought on a cough which confined me in my chamber, and began to assume the alarming symptoms of Consumption. I had tried the best advice and the best medicine to no purpose, until I used your CHERRY PECTORAL, which has cured me, and you may well believe me, Gratefully yours, J. D. PHELPS.

If there is any value in the judgement of the wise, who speak from experience, here is a medicine worthy of the public confidence.

PREPARED BY J. C. AYER, CHEMIST, LOWELL, MASS.

Sold in Newport by R. R. HAZARD, R. J. TAYLOR and by dealers in Medicine generally.

PROFESSOR A. C. BARRY'S TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close.—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin and of the substrata of muscle and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canada, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

As there is a deal of excitement caused by the Swedish Nightingale, so there is about the *life-like* Pictures taken by WILLIAMS. Have you visited his rooms? if not, do not fail to soon, because he has made up his mind, to stay in Newport but a few weeks longer. What a token of remembrance is a perfect likeness! When friends are removed from us, with what pleasure can we bring their features to our eyes by having that which no family should be without; it brings to our mind those joyous hours which we long to renew. Then, reader, make it your duty to drop into this place of resemblance, and you will never be sorry. The subscriber has all the latest improvements in the art, and by the present process he is enabled to take a correct likeness in the short space of 3 seconds.

THE LADIES' OWN, Sealing wax of assorted delicate and mottled colors perfumed at Apothecaries Hall R. R. HAZARD & CO,
nov28 Washington Sq. near State House.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *economy of time* is thus made. It is emphatically the female's friend.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of BRANT'S PURIFIER cure? Read the following statement, which is a specimen of its power.—

CANCEROUS SCROFULA!

This is the case of a *dying man who yet lives.* He was [illegible] a worse case of SCROFULA, by only *twelve bottles* of Brant's Purifier, than ever was cured by the use of [illegible] of the best *Sarsaparilla* that was ever made [illegible] *sufficient medical power* to effect the cure of [illegible] *single* [illegible] case.

Mr. J. B. HASKIN, of Rome, Oneida Co., N. Y., had Scrofula *five years,* was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to [illegible] his hand [illegible] He had the best *medical advice* [illegible] used ALL of the *best Sarsaparillas* to no good effect—[illegible] worse and worse, as I was considered to be in a *dying state,* and could not live *twenty-four hours longer,* when he commenced using BRANT'S PURIFIER. His *neck was eaten nearly off, from ear to ear; a hole was eaten through his windpipe,* under his chin, so that he breathed through the hole; his ear was so eaten around that it could be *lifted* up out of its place, it only holding by a *small piece;* the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly *eaten through his side into his body.* Thus he was afflicted with *twenty* [illegible] *putrid, acrid, offensive ulcers,* on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world would not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT,* of *Bissell & Leonard,* druggists of Rome. I commenced using that, and began to get better. That bottle enabled me to *get off my bed,* where I had been confined one year; the *second bottle* enabled me to *get out of the house;* the *third bottle* enabled me to *walk two miles, to Rome Centre,* where I procured *six bottles* more; and when I had finished using them, *seventeen* out of *twenty* ulcers had *healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health.*"

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. J. B. BROWN, proprietor of the *West Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses.*

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half as certain and effective in restoring* ALL the incidental weaknesses and irregularities of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement [illegible] or other weakness—it REGULATES ALL, by *strengthening the system, equalizing the circulation,* and *soothing and allaying nervous irritability.* See pamphlets.

"M. T. WALLACE & CO.—*Gentlemen:* I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great [illegible] sickness, and vomiting, as I was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment [illegible] and relieved *the small pain after eating* [illegible] completely cured [illegible] and can eat almost [illegible] stomach becoming sour. THE GREAT

RENOVATOR OF THE BLOOD

AND

DISEASE EXTERMINATOR.

EXPERIENCE is the Basis of all Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible." Galileo replied, "Look through my telescope, and behold." The philosophers rejoined, "We will not look lest we should see them." There are a few people now-a-days so silly that they will not look at facts lest some prejudice should be disturbed. These persons are, however, not numerous, and their stupidity injures nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon universal experience alone. Without this solid foundation, it never could have attained the wide-spread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a PHYSICIAN and CHEMIST of the highest rank, superintends the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the GREAT PURIFIER of the BLOOD and FEMALE STRENGTHENER. It will not reduce the already debilitated, its Tonic Action being such as to STRENGTHEN, as well as to regulate the bowels.

HOME TESTIMONY.

SALT RHEUM,

OF MANY YEARS STANDING.

The following evidence of the efficacy of Dr. S. P. TOWNSEND'S EXTRACT OF SARSAPARILLA in Cutaneous Diseases, is well worthy the notice of those afflicted with such disagreeable eruptions:

New York, August 6, 1849.

Dr. S. P. Townsend—Dear Sir: I am most happy to acknowledge that, after suffering for nearly nine years with the Salt Rheum in a very aggravated form, and being abandoned as incurable by several of our first physicians, I was finally persuaded to try your far-famed Sarsaparilla. The effects were soon perceptible, and when I had used ten bottles, to my great surprise I found myself not only cured of that most disagreeable and irritating disease, but my general health was so much improved that it astonished my family and friends. Since then I have advised others to make use of your Medicine, and have noticed its wonderful effects curing in numerous diseases, not altogether caused by a bad state of the blood.

Yours most respectfully,

Mrs. JANE SHAW, 105 Third Avenue.

P. S. You have my consent to publish the above; and it will give me great pleasure to state my case personally to any lady that is similarly afflicted.

COUGHS AND COLDS,

Dr. S. P. Townsend's Sarsaparilla contains just the qualities that are requisite in these cases. It acts as a mild alterative and expectorant, thus changing the action of the system, and enabling it to throw off the complaint. The number of instances in which Coughs and Colds have been cured by this preparation is immense.

Brooklyn, June 13, 1850.

Dr. S. P. Townsend—Dear Sir: I was taken sick about a year ago, which was thought by many would result in Consumption. I had used "old Dr." Jacob Townsend's (as he is called) Sarsaparilla, which done me no good. I then tried yours, and am most happy to say it has entirely cured me. I am a clerk of Col. JAMES T. JACK, Esq., Counsellor at Law, Montague Hall, in this city.

Yours, &c.,

DYSPEPSIA AND NERVOUS DEBILITY.

Messrs. Northrup & Bach.

Gents:—Gratitude will no longer prevent my acknowledging to you how much I have been benefitted by the use of Dr. S. P. Townsend's Sarsaparilla. For nearly a year I have been afflicted with Dyspepsia and Nervous Debility; I had become almost discouraged, as my physician's prescriptions were every day the same: "You require no medicine, but exercise in the open air, my good lady, or you will never get well." Feeling as I then did, this was not practicable. So I began, through the recommendation of Mrs. Carman, in Johnson st., to take Dr. S. P. Townsend's Sarsaparilla. She said it would strengthen and give an appetite, if nothing more. By her advice, sent [illegible] and obtained three bottles. Before I had taken all of the first bottle, began to feel stronger, and spirits much improved—began to go out more or less every day. I have not taken all of the third bottle, as I find a tea-spoonful now to have more effect than two table-spoonfuls did at first. This, I have been told, is one of the great secrets of the success of your medicine; that instead of increasing, the dose is diminished. I am now enjoying better health than I have before for a year. As I am well known to many in your city as well as in Brooklyn, it might be to your interest to publish this, which you have my consent to do.

Yours, &c. MRS. CAROLINE GRAHAM,

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the worst [illegible] *As marked and developed cases of* PULMONARY CONSUMPTION—such *unmasked cases of ulcerated and diseased* LUNGS—such HOPELESS *cases as were never before cured by any other medicine. So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be* ACTUALLY DYING. *Some, who had their burial-clothes made, have been cured, and are yet living; others, who it was said would not live another day, are now as well and hearty as they ever were.*

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in *the LUNGS,* and elsewhere *internally, as certainly and easily as the* PURIFYING EXTRACT cures and heals ulcers *externally.* This Balsam cures NINE cases of *Cough and Consumption* out of TEN, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its unrivalled curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaint in Children and Adults,* and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually *dying*—and, in this case, so FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For *the particulars of this case,* and the *respectable and undoubted proof of* all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many other, almost equally hopeless,* and *innumerable cases of Coughs and Consumptions CURED,* which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN."

Dr. French is now a *respectable* druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania,* wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to *fits for several years,* was cured by the use of BRANT'S *BALSAM.*

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Firpord Centre, Ashtabula county, Ohio,* wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption,* had taken *fast hold* on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was given up by his physicians and all friends, as one who would soon *inhabit a grave.* But even in this *last extremity,* strange and marvellous as it may seem, yet it is true, that the use of only *two bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with *Mr. Crocket,* and *testified to his cure, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.,* respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him he was *useless to take any more medicine.* He then, when *no hope was left,* began to take BRANT'S BALSAM—and is WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 21, 1843: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs,* and every symptom seemed to indicate that he must die; but, now, being to all, he is now able to labor, and rides all over our county. He used *only two bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Colton Centre, Erie Co., N. Y.,* January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction,* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of dangerous and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE with a *Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children* or *grown persons,* cured *without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in *such cases,* be used in *twice as large potions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful* cures of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. His wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, *Colton Centre, Erie Co., N. Y.,* January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly,* and give better *satisfaction,* than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

Sidney, New Jersey, July 12, 1848.

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty* years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection *is entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W. LANDIS

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"Patent Medicines."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.]

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!!

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his *new* Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the two common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered! By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.
